**Date** February 14, 2025

## Summary

This bill modifies an appropriation to the Arrowhead Economic Opportunity Agency (AEOA) from the 2024 workforce supplemental finance bill to allow AEOA to use grant funds to create a regional hub building for providing workforce services. It also keeps that fiscal year 2025 appropriation available for an additional year so it can be used for acquiring and refurbishing the building. This section is effective the day following final enactment.
