## Overview

This bill would raise registration and pass fees for certain all-terrain vehicles (ATVs) and establish a new ATV surcharge on ATVs registered for public use.

Revenues from ATV registration and pass fees are deposited in the ATV account as would revenues from the new surcharge. The ATV account may only be used for the following purposes: (1) an ATV environmental and safety education and training certification program; (2) administration, enforcement, and implementation of certain ATV statutes; (3) acquisition, maintenance, and development of ATV trails and use areas; (4) grants-in-aid for construction and maintenance of ATV trails and use areas; (5) grants-in-aid for local safety programs; (6) enforcement and public education grants to local law enforcement agencies; and (7) maintenance of certain state and county forest roads.
